Victan® casings for cooked ham. Customizable for optimal performance.

hovu's
...inventive packaging solutions

Our **Victan®** Mold, Tube, and Shape casings have your cooked ham covered.

Along with their customizable meat adhesion qualities, these medium-to-high-barrier casings are ideal for the production of larger-diameter cooked ham products processed in molded form where high yields are a priority.

Products

Victan® Mold: A shrinkable and durable casing for the filling & clipping of large-diameter, cured meat logs that are cooked in molds.

Victan® Tube: Our toughest casing for the production of cooked & cured meats in molded form.

Victan® Shape: A shrinkable casing well suited for D-shaped and oval products.
