Our **Victan[®]** casings are uniquely designed to complement your process and protect your pet food products.

Products

Victan[®] XMCC: For applications that require the highest level of barrier protection and extended shelf life.

Victan[®] HD: The gold standard of polyamide-based, multilayer, cook-in casings in North America – designed to keep products fresher, longer.

Victan[®] C: For products that will be frozen with the casing remaining on.

Victan[®] XSE: This casing peels from the product cleanly and in one piece. It can be used with fresh or frozen products.

Advantages
